Re: Guidance Sheet #70 – Coronavirus Disease (COVID-19)
Date: July 6, 2020

Dashboard

Our Northline Utilities Emergency Operations Team feels that it is important to share an overview of the Northline Family as we monitor how COVID-19 is impacting our population.

Employees Tested for COVID-19	Employees with a Negative Test Result	Employees with COVID-19 Test Results Pending	Employees with a Positive Test Result
22	21	0	1

Our one Positive has recovered and is back at work.

Strategy Guidance

Governor Cuomo Executive Order No. 205 – Travel Advisory

Cuomo announced, along with New Jersey Governor Phil Murphy and Connecticut Governor Ned Lamont, a joint initiative that requires all individuals traveling to NY, NJ or CT from listed states with significant community spread of COVID-19 to quarantine for a 14-day period upon arrival.

At this time, this advisory applies to anyone traveling from Alabama, Arkansas, Arizona, California, Florida, Georgia, Iowa, Idaho, Louisiana, Mississippi, Nevada, North Carolina, South Carolina, Tennessee, Texas, and Utah. The list of states will be updated online as the data changes, so please visit the link below for the most up to date information.

<https://coronavirus.health.ny.gov/covid-19-travel-advisory>

We understand that people are entitled to make their own decisions regarding personal travel. The Center for Disease Control and Prevention (CDC) continues to identify travel as a risk to both contracting and transmitting COVID-19 and recommends that staying at home is the best way to protect yourself and others from COVID-19. Please be advised that travel to restricted states could result in a loss of state benefits.

Exceptions to the travel advisory are permitted for essential workers and are limited based on the duration of time in designated states, as well as the intended duration of time in New York. The Office of the Commissioner: Interim Guidance for Quarantine Restrictions on Travelers Arriving in New York State Following Out of State Travel can be found here:

https://coronavirus.health.ny.gov/system/files/documents/2020/06/interimguidance_traveladvisory.pdf

15 School Lane, Suite 200, PO Box 656
Au Sable Forks, NY 12912
Phone: (518) 647-8198 Fax: (518) 647-5457

Essential workers should seek diagnostic testing for COVID-19 as soon as possible upon arrival (within 24 hours) to ensure they are not positive.

- **Northline Utilities is requiring that employees that have been tested under these circumstances can not return to work until they receive a negative test result.**
- **It is important that you contact your Project Manager, Construction Manager, or General Foreman to determine if there are specific customer requirements regarding the details of this Executive Order.**

For example, at this time, Avangrid has issued a requirement that “until further notice, any employee or badged contractor who travels for personal reasons to states that have been listed by the governors of New York, New Jersey and Connecticut as high risk because of rising COVID-19 cases - and then returns to New York, New Jersey, or Connecticut - will be required to quarantine for a period of 14 days”.

- Essential workers should monitor temperature and signs of symptoms, wear a face covering when in public, maintain social distancing, clean and disinfect workspaces for a minimum of 14 days.
- Essential workers, to the extent possible, are required to avoid extended periods in public, contact with strangers, and large congregate settings for a period of, at least, 7 days.

Where Can I Be Tested?

Get information on coronavirus testing near you. Simply enter your address and find locations that provide coronavirus testing. <https://coronavirus.health.ny.gov/find-test-site-near-you>

Employees can contact the Construction Manager / General Foreman to identify preferred testing sites in the local area.

If you are tested, please reach out to the Emergency Operations Team Liaison Officer, Ricardo Aguilar by cell phone (518)-420-7078.

Quarantine If You Might Be Sick

Stay home if you might have been exposed to COVID-19

Quarantine is used to keep someone who might have been exposed to COVID-19 away from others. Quarantine helps prevent spread of disease that can occur before a person knows they are sick or if they are infected with the virus without feeling symptoms. People in quarantine should stay home, separate themselves from others, monitor their health, and follow directions from their state or local health department.

What's the Difference Between Quarantine and Isolation?

Quarantine keeps someone who might have been exposed to the virus away from others.

Isolation separates people who are infected with the virus away from people who are not infected.

15 School Lane, Suite 200, PO Box 656
Au Sable Forks, NY 12912
Phone: (518) 647-8198 Fax: (518) 647-5457

Who Needs to Quarantine?

Anyone who has been in close contact with someone who has COVID-19.

This includes people who previously had COVID-19 and people who have taken a serologic (antibody) test and have antibodies to the virus.

What Counts as Close Contact?

- You were within 6 feet of someone who has COVID-19 for at least 15 minutes
- You provided care at home to someone who is sick with COVID-19
- You had direct physical contact with the person (touched, hugged, or kissed them)
- You shared eating or drinking utensils
- They sneezed, coughed, or somehow got respiratory droplets on you

Steps to Take

- Stay home and monitor your health
- Stay home for 14 days after your last contact with a person who has COVID-19
- Watch for fever (100.4°F), cough, shortness of breath, or other symptoms of COVID-19
- If possible, stay away others, especially people who are at higher risk for getting very sick from COVID-19

When to Start and End Quarantine

- You should stay home for 14 days after your last contact with a person who has COVID-19.
- For all scenarios, even if you test negative for COVID-19 or feel healthy, you should stay home (quarantine) since symptoms may appear 2 to 14 days after exposure to the virus.

Visit this site to see some specific scenarios below to determine when you can end quarantine and be around others: <https://www.cdc.gov/coronavirus/2019-ncov/if-you-are-sick/quarantine.html>

Daily Self-Checker

Please remember to keep using the Daily Self Checker. This Daily Self Checker is a list of questions that everyone should ask themselves every morning before work. If you answer “Yes” to any of these questions you should not go to work, and you should immediately reach out to the Emergency Operations Team Liaison Officer, Ricardo Aguilar by cell phone (518)-420-7078.

1. Have I recently traveled from a country/region with widespread sustained transmission of COVID-19?
2. Have I been in contact with someone who has recently traveled from a country/region with widespread sustained transmission of COVID-19 and is now sick?
3. Have I had contact with someone with lab confirmed COVID-19 in the last 14 days?
4. Have I been told by a Public Health Official that I may have been exposed to COVID-19?
5. Have I had any of the following symptoms in the last 14 days – fever greater than 100°F, cough, shortness of breath or difficulty breathing, chills, repeated shaking with chills, muscle pain, headache, sore throat, new loss of taste or smell?
6. Am I currently experiencing any of the above symptoms?

Notification

Remember, as part of our Northline Notification Protocol:

These are the reasons to contact Ricardo Aguilar (raguilar@northlinellc.com), Emergency Operations Team Liaison Officer:

- I went home with COVID-19 symptoms
- I stayed home sick with COVID-19 symptoms
- I was advised by a Health Care Provider to be tested
- I was made aware of someone else that has COVID-19 symptoms or stayed home
- I was asked to leave the jobsite by the customer due to a potential exposure
- I tested positive for COVID-19
- I encountered someone known to have tested positive for COVID-19, or
- I completed a trip to a CDC-categorized Coronavirus Warning Level 3 location

This notice must be directed to Ricardo Aguilar, Emergency Operations Team Liaison Officer at raguilar@northlinellc.com or by cell phone (518)-420-7078. The assigned Northline Project Manager will be notified and in turn the Project Owner, trade contractors and suppliers of the situation.

If you have any questions regarding this guidance, please do not hesitate to contact a member of the Emergency Operations Team. You are encouraged to send e-mails to Covid19EmOps@northlinellc.com or to specific individuals on the team.
